HUCH!

Zawartość:

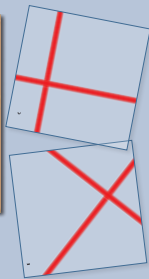

5 przezroczystych kart laserów, składająca się z 4 części ramka, 32 dwustronne karty zadań (64 zadania), instrukcja (zawierająca rozwiązania).

Cel gry. W okolicy grasują złodzieje, więc muzeum chce zabezpieczyć eksponaty laserami. Umieść 2 albo 3 lasery we właściwy sposób, aby wszystkie cenne objekty były chronione. Uważaj jednak, by żaden laser nie trafił w strażnika.

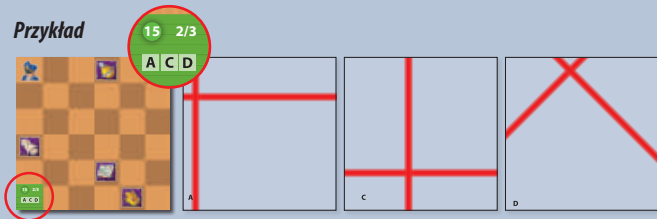

Przygotowanie. Rozłóż na stole 5 kart laserów. Złóż ramkę i połóż obok niej karty zadań. Najlepiej jest zacząć od zadania 1, ponieważ zadania uszeregowane są według stopnia trudności.

Zadanie. Umieść 1 kartę zadania w ramce i weź wskazane karty laserów. Obracając i odwracając karty laserów, znajdź odpowiednie ustawienie. Wszystkie eksponaty powinny zostać zakryte przez lasery, żaden laser nie może jednak przechodzić przez pole ze strażnikiem.

Uwaga! Na niektórych kartach zadań wskazano więcej kart laserów, niż wolno użyć do rozwiązania zadania. W takim przypadku musisz użyć 2 albo 3 kart spośród wskazanych kart laserów.

Przykład

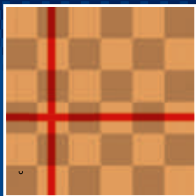

Karta zadania mówi, że wolno użyć 2 spośród 3 kart laserów A, C i D. Aby rozwiązać to zadanie, musisz ustalić, których kart należy użyć i jak należy je umieścić.

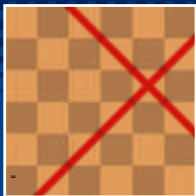

Rozwiązanie. Jeśli wszystkie eksponaty zostały zakryte laserami, a jednocześnie lasery nie przecinają żadnego pola ze strażnikiem, udało się rozwiązać zadanie. W dalszej części instrukcji przedstawiono właściwe karty laserów w odpowiednim ułożeniu dla każdego zadania.
